- "Too many bugs and leeches and spiders and webs; please spray the wilderness to rid the area of these pests."

- "Chairlifts need to be in some places so we can get to wonderful views without having to hike to them."

### How was your trip with the **WILD GUYde?!?**

Thanks again for guiding us – the trip was awesome! I'm a little sore and bruised today but it makes me happy because it reminds me of everything we did. The info was clear and the location appropriate. I also really enjoyed how you incorporated learning and team building elements into our trip. (Sarah, 2012)

We arrived back in Florida late Thursday night. We had a wonderful time on our adventure with you and we have all been raving to everyone about how great the trip was! Your professionalism and encouragement allowed us to continue on even when some of us were reluctant to try (me, of course)! The boys raved about the caving and the fact that it looked scary, but once you got through it, it wasn't as difficult or scary as you thought it would be. Todd and I were both thrilled with the learning experience for the kids and feel that we have all grown as a result of facing our fears. Everyone talked about what a great guide you were for us! Overall, our adventure was a wonderful experience and the highlight of our trip to VA! (Christine, 2012)

The trip was so much better than I expected. I was a little bummed when it was all over. The time in the cave really flew by. I especially appreciated all the education part of it. The fact that you were providing us with the tools to go caving on our own was nice. It really showed your passion for the outdoors and wanting to spread that passion. (John, 2015)

*I have to tell you my son was surprised I did as well as I did on the climb. The location was awesome. I had such a blast, that I know another trip is in my future. Thanks again!*  
(Deb, 2015)

Climbing with you was the highlight of our trip. I cannot say enough positive things about it. You are such an awesome guide ... The most impressive part of the experience was your expertise, your sound technical instruction, your calm demeanor, and your flexibility to let allow us try to climb as high as we felt comfortable ... Thanks so much for introducing us to climbing! (Maarten, 2015)
